First of the Nagato-class battle-ships, Nagato.
As a core member of the fleet's battle line, she's proud to have served in countless operations.
She often serves as a mediator in disputes on base,
But here a serious crisis has arisen.

What am I supposed to do here...?
High Five ♡
Pyaaaaa~☆

Nagato~

Double, and with a "pyaa"...!?

It could cause unrest throughout the base!

If someone as important to the fleet as I am says "pyaaa" in public,
Things will get weird for sure.
Nagato's been acting funny...
Hmm... She must be worn out, huh.
...Nagato-san said "pyaa".
Eh!? Our Nagato-san said that!?
If anyone else hears it...

Now let's try one more time!
Um... What on earth's going on?
When you hear "pyaaa", you're supposed to go "pyuu~".
And when you hear "pyuu~", it's time to go "pyaaa".
And then you high-five!
...Ah, OK.
...I see. My bad.

The next day...
